SWITCHING TALK GROUPS

TURN THE 16 POSITION CONTROL KNOB CLOCKWISE

- Radio will voice what channel you are currently selecting.
- This knob will allow you to filter through all channels on your radio.

SCAN BUTTON

- You can turn the scan feature on and off at any time by pushing the top most button the side of the radio. (Purple in Color) It is RECOMMENDED to turn the scan off once you are assigned an operations channel. This will prevent you from hearing other incidents and causing confusion.

EMERGENCY BUTTON

- Press the **Emergency** button.
- Press and hold the **PTT** button. Speak clearly into the microphone.
- Release the **PTT** button to end call.
- Press and hold **Emergency** button to exit emergency.

HOME BUTTON

- If at any time you become lost on a channel, you can return to your Primary Talk Group by holding down the home button on the keypad. It is in the upper left corner of the keypad, and has a picture of a home on it.
